How to choose a Shredder

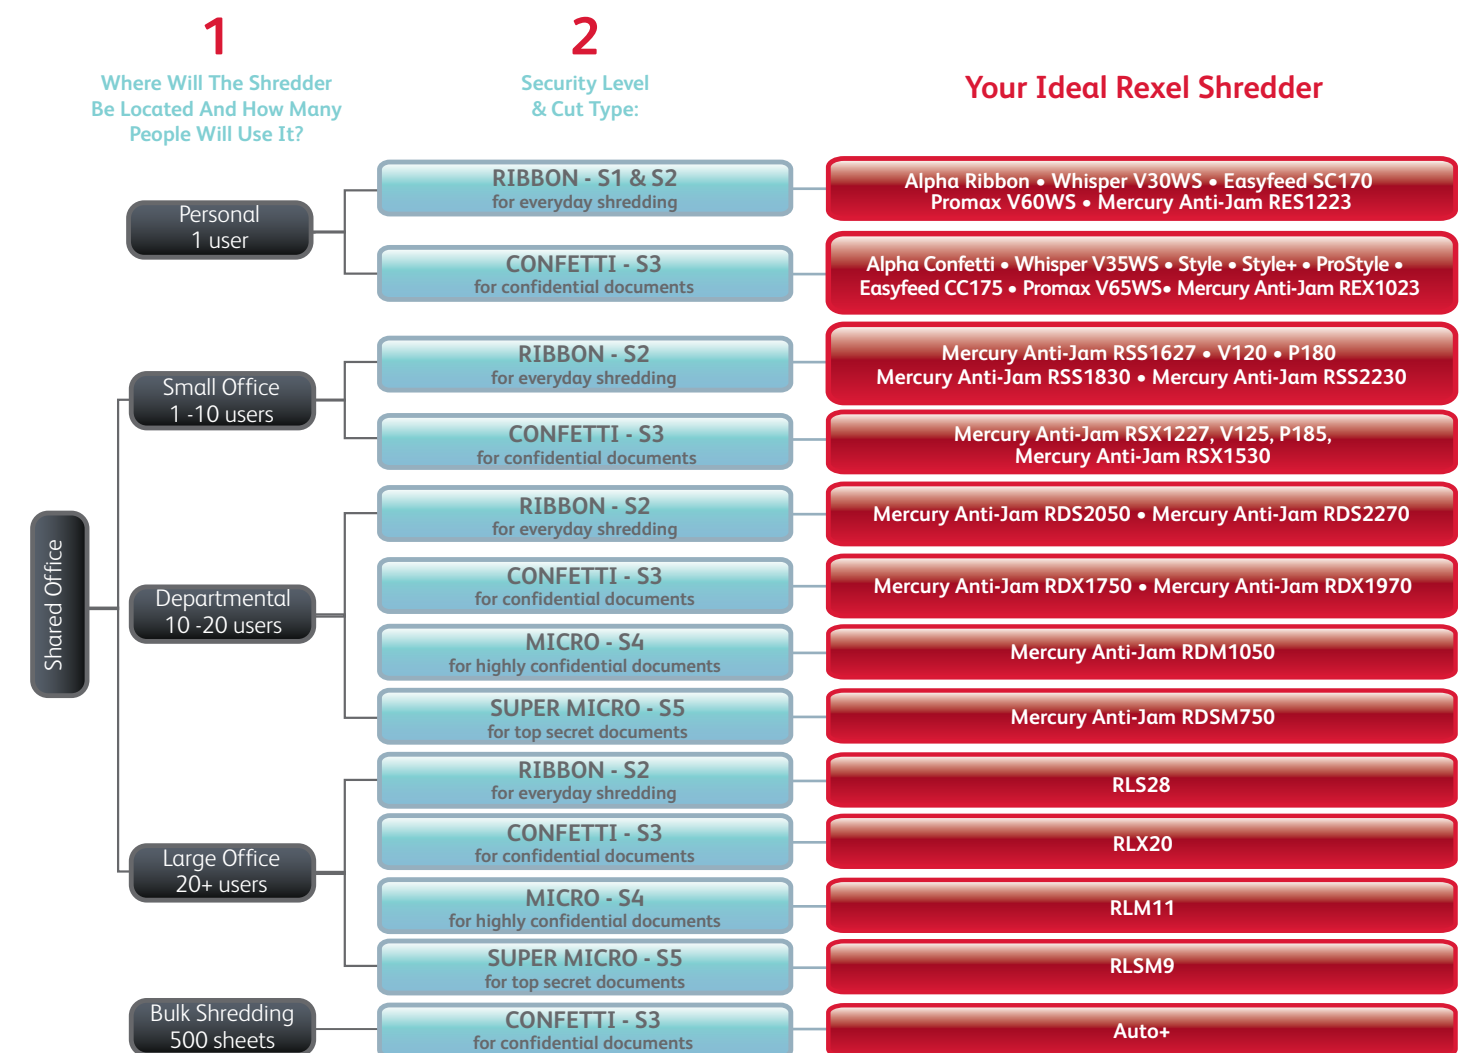

Why Shred?

Information theft is the fastest growing type of fraud in Europe. The good news is that Rexel's stylish range of innovative shredders will protect your personal and business information from being stolen. Ensure that you destroy hard copies of information that could put you or your business at risk. Items you might want to shred are...

Bank/Credit card statements / Client lists / Customer details / Utility bills / Accounting records / Letter headed paper
Tax returns / Medical records / Compliment slips / Salary details / Financial/sales reports

Choosing the right shredder

The shredder you choose depends very much on your personal or business requirements. The three main areas to consider are:

3

Additional Features & Benefits - Look out for the following additional features from Rexel

See the next page for detailed information on all our features and benefits

When selecting a new shredder, you should also consider...

- The sheet capacity (number of sheets that can be fed into the machine in one pass) and bin capacity (how much you can shred before you have to empty the bin)
- Rexel shredders are finger safe and come with a 2 year warranty and extended warranty on the cutters (excluding wear and tear).

Features and Benefits explained

Rexel shredders have a huge array of features that will meet your every need.
Whilst browsing through the brochure look out for the icons below :

MERCURY ANTI-JAM

Shredder mouth illuminates to warn when there is too much paper inserted. Shredder will not start therefore preventing paper jams.

ULTRA QUIET

Shredder designed to have ultra quiet operation, ideal for shared environments.

MAX SHEETS

Shredder accepts large volumes of sheets in one go.

RECYCLING BAGS

Recyclable paper bags available for this product for the easiest way to empty and recycle your shredded paper.

AUTO SHUT-OFF

Shredder automatically switches itself off after a short time to conserve power consumption and for added safety.

SELF CLEANING

Cutters are self cleaning to remove loose pieces of paper and prevent paper jams.

CONTINUOUS OPERATION

Shredder can be used continuously, no cool down means no wasted time.

JAM BOOST

Button that when pressed maximises power to clear a jam.

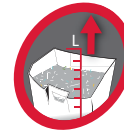

COMPACTION TECHNOLOGY

Shredded paper is compacted in the bin to allow more shredding and less emptying.

AUTO-FEED TECHNOLOGY

Shredder automatically shreds a stack of paper with no user intervention.

LARGE BIN CAPACITY

Extra large bin for less emptying.

AUTO REVERSE

Returns paper that is too thick or too many sheets for shredder to accept.

EASY EMPTY BIN

Pull out bin makes emptying fast and simple without having to remove shredder head.

EASY PAPER FEED

Shredder head is angled, positioned for easy and instant shredding.

Specialist Bulk Shredder

REXEL AUTO+

**Wasting time stood at the shredder?
Tired of pulling out staples before shredding?
Well not any more!**

Revolutionary new automatic shredding technology from Rexel will save you valuable time.

AUTO+ features:

High volume, automatic feed bulk shredder that accepts stapled documents and paper clips

- Automatic feed technology for minimal human intervention
- Unlike other autofeed shredders, Auto+ will accept paper fastened together with paper clips/staples
- High security 3 x 20mm confetti-cut size
- Security password locks sensitive information in shredder while shredding is taking place. Also a safety feature. Separate key to unlock machine if password has been forgotten.
- 500 sheets capacity for bulk shredding in one load (667 sheets of 70gsm)
- 83 litre bin capacity (1000 Sheets)
- Quiet operation (less than <60dBA)
- Professional LCD display (ready, door open, bin full, reverse, overload/jam, oil now)
- Auto reverse and forward jam boost functionality to clear paper jams
- Casters fitted for easy manoeuvrability
- Continuous operation – never needs to cool down.
- Accepts staples and paper clips

Product code = UK/EU 2101998

In addition to these special features, also look out for these icons by each shredder in the brochure.

Large Office Shredders

New Rexel Large Office Shredders are heavy-duty machines, which shred very large amounts of paper in one go. They are specifically designed for the rigorous challenge of bulk shredding in large organisations and some models feature the highest level security for shredding ultra sensitive documents.

All Large Office models feature:

NEW REXEL RLSM9

The RLSM9 shreds paper into super micro-cut pieces and is designed specifically for those companies that require the highest level of security.

- 0.8x11mm super micro cut pieces for highly sensitive documents
- Shreds up to 10 sheets in one pass (70 gsm)
- 115 litre bin capacity holds up to 1250 sheets
- Clear user communication (LED indicators)
- Casters for easy manoeuvring
- Autoshut down to zero power after 5 minutes
- Paper bags available to encourage the recycling of shredded paper
- Ultra quiet (~55dBA)
- Continuous operation - no need to cool down
- Self-cleaning cutters to prevent internal jams*
- Auto reverse on jamming
- Finger safe - compliant with international standards
- Separate CD tray for separating waste for efficient recycling
- Storage pockets (inside door) for oil sheets and waste sacks

Product code = UK/EU 2102161

NEW REXEL RLM11

High security micro cut shredder.

- 1.9 x15mm micro cut pieces for sensitive documents (security level 4)
- Shreds up to 12 sheets in one pass (70 gsm)
- All other features are as per RLSM9

Product code = UK/EU 2102160

NEW REXEL RLX20

High capacity confetti cut shredder.

- 4x40mm confetti cut pieces (security level 3)
- Shreds up to 22 sheets in one pass (70 gsm)
- All other features are as per RLSM9

Product code = UK/EU 2102159

NEW REXEL RLS28

Ultra high capacity ribbon cut shredder.

- 5.8mm ribbon strips (security level 2)
- Shreds up to 30 sheets in one pass (70 gsm)
- All other features are as per RLSM9

Product code = UK/EU 2102158

NEW REXEL recyclable shredder waste bags

Sealable environmentally friendly paper bags .

- The easiest way to empty and recycle your shredded paper.
- Suitable for use with Rexel Large Office Shredders; RLSM9, RLM11, RLX20, RLS28

Product code - 2102248 (50 Pack)

NEW REXEL Large Office Internal Bin

Conventional robust internal bin available as an accessory.

- Reusable internal bin
- Handles either side of bin for easy removal

Product code - 2102336

Understanding Security

The 1995 DIN standard 32 757 1/1995 set out 5 levels of shred "categories", their relevant uses and their specific shred features. Many government bodies and security consultants use these DIN standards in their analysis and decision-making of documents security risk management.

Security Level	Security Classification	Ribbon Cut shred size	Confetti Cut shred size
①	Basic	6.1 - 12mm	20
②	Standard	2.1 - 6mm	20
③	Confidential	2mm or less	40mm x 80mm
④	Highly Confidential		2mm x 15mm
⑤	Top Secret		0.8mm x 13mm or less

Warranties and Services

Guarantee

ACCO Brands warrants its product/products and their parts against defects in materials and workmanship under normal use for a period of two (2) years from the original date of purchase.

Additional Guarantee

ACCO Brands guarantees the cutting blades of the shredder to be free from defects in material and workmanship for for up to 20 years from the date of purchase (depending on the Rexel model). Please refer to the user manual for more information.

*Please note that the cutter blades will be progressively worn down by shredding fastened sheets (staples and paperclips) - this is not covered in the warranty. With regards to CD shredding, Rexel departmental and small office shredders have been designed to shred up to 500 and 300 CDs respectively during the warranty period. Excessive cd shredding will wear the cutters and is not covered within the warranty.

The ACCO Services Division operates a dedicated field service team, which offers on-site service and repairs on large machines. The ACCO Service Division can be contacted on 0845 658 6600.

A dedicated website is available where it is possible to:

- Download instruction manuals and operator guides for the Rexel machine's range
- Access a guarantee registration service including automatic update reminders
- Use a comprehensive Frequently Asked Questions section

The site can be accessed via the ACCO UK website www.acco.co.uk/service

Looking for the Strong Silent Type?

Rexel large office shredders are your perfect match

Shred more documents faster and quieter than ever before.

- Maximum sheet destruction
- Auto shut-off saves energy
- Paper collection bags make recycling easy
- Shreds CDs, paper clips, staples and credit cards
- Includes 2 years warranty

Choose the model that meets your productivity and security needs: RLS28, RLX20, RLM11 or RLSM9
